## ZONING TASKS

**101 Stonegate Drive** – The property owners' attorney is working with the Brandywine Conservancy and the Home Owners Association to revise the plan and get it approved. The Zoning Hearing Board Solicitor was contacted for an update; she said the attorney for the homeowner would be forwarding any new information to us in the near future.

**Paradocx Vineyard** – Several items need to have final inspections before any Certificates of Occupancy can be issued. We need to request that Sharon provide us with the recorded agreement.

**121 Castlebay Lane** – Vandals reopened a rear basement window. Jeff planned to notify Jim Derazio to reattach the boards blocking entry to the structure. We are trying to contact PECO to remove the electric meter at the site.

**Franklin Chase Development** – Work was initiated to bring the development into compliance. Some items have already been corrected and Grant Hitchens is handling the site work.

I have begun identifying home occupations in the Township and notifying the owners of the need to renew their permits annually. Several owners have replied to date.

## ZONING SITE VISITS, INSPECTIONS, MISC.
