

## FRANKLIN TOWNSHIP SAYS “THANK YOU” TO OUR COMMUNITY

On Friday & Saturday, March 19 & 20, 2010, almost 200 volunteers enthusiastically planted & staked 2,450 trees on the Goodwin Preserve. The preserve is a 19-acre

property along the White Clay Creek, owned by Franklin Township. The approximately \$30,000 worth of trees were provided free of charge to the Township through the Tree Vitalize program of the PA Horticultural Society through a green infrastructure grant from PennVEST to PHS. Our heartfelt thanks!

Franklin Township would also like to thank all of the volunteers without whom this event would not have been possible. A big “Thank You” to Township Resident Bill Skalish, who spearheaded this project and whose organizational skills, patience and good humor are unmatched. In addition to Bill and his core group of volunteers, we’d like to thank the generous donors below:
