Dear Stacy:

Starting in December 2023 through April 2024, PennDOT will contract with Tri-State Traffic Data, Inc., a vendor of the Department of Transportation's Highway Safety and Traffic Operations Division, to collect traffic data on municipally owned roads within your county and municipality (ECMS Contract No. E05651). The data collected will be utilized by the Department to complete a statewide network screening and prioritize locations for potential safety improvements. The traffic counters will be set in your municipality between December 2023 and April 2024 and are not being set for any road project or speed trap. Please share this information within your municipality.

Should you have any questions or concerns, please contact Ben Brubaker, at 717.443.1805.

Sincerely,
