

## **Notice To Residents**

**Subject: 2023 Franklin Township Road Program**

**Hess Mill Road From Wingate Drive to Franklin Township Line**

**Franklin Township has contracted with Long's Asphalt to complete the milling and paving for the Township's Road Program. The work on your roads will commence on 6/22/23 and be completed by 6/26/23 weather permitting. The work consists of milling of roadways, base repair and installing a new surface course. Work hours will be from 7:00 am to 5:00 pm Monday through Friday. During the surface milling process residents will have access to their driveways with minimal delays. The Township has requested the Roads to be paved in one pass. Our paver can pave roads up to 22' wide in one pass, most Townships prefer 1 pass paving where applicable because it eliminates the center seam on the road (center seams tend to open up over time causing the road to deteriorate quicker) and provides a better finish product. During the paving process the road will be closed to through traffic and residents may face delays accessing their driveways depending on where the paving operation is. The paving will take place on 6/26/23 . There will be no parking on the roads during working hours. Also, the work schedule could be affected by inclement weather so the schedule could fluctuate a day or two. We appreciate your understanding and patience as we complete the road improvements.**
